

*America, you will never walk alone*

*We always have been fighting for the right cause to fight against injustice in this nation*

*In 1783, we kicked out those damned Brits out of "our" land*

*In 1830s, we kicked out those Indians out of "our" land*

*In 1848, we kicked out Mexicans out of "our" land*

*In 1882, we kicked out Chinese people out of "our" land*

*In 1950s, we kicked out communists out of "our" land*

*In 2017, we are kicking out Muslims and Mexicans "out" of our land*

*God has chosen us.*

*It is our manifest destiny to be the beacon of freedom*

*It is our manifest destiny to edify those uncivilized people around the world*

*It is our manifest destiny to promote democracy across the globe*

*It is our manifest destiny to get rid of the axis of evil*

*It is our manifest destiny to carry a big stick and speak softly,*

*Even though a lot of times we have been carrying a big stick and speaking roughly to others*

*I want you for the U.S. Army to fight against those injustice across the globe*

*I want you to stand up for American values to fight against communism*

*I want you to educate other people around the world to show how democracy is more superior to other political regime*

*I want you to "Make America Great Again" by fighting against ISIS and Mexicans in our land*

*I think I am addicted to land expansion*

*I think I am addicted to oil*

*I think I am addicted to military spending*

*There is a saying that "less is more,"*

*But addiction to these things is what drives me to do more next-level stuff*

*America, I think I am sick*

*I cannot quit having these powerful drugs*

*Without these drugs, I won't be able to develop and evolve to the next level*

*I fear that no one will look up to me when I start to lose power*

*If I stop evolving, those Chinese people will overtake me*

*If I stop evolving, no one will take it for granted that we are the beacon of freedom*

*If I stop evolving, no one will look up to us like they used to*

*Others criticize us because they are jealous*

*Others criticize us because they are not strong as us*

*Others would not want to be bothered when they become the most powerful country in the world*

*It is this hypocrisy that leads to this competition between us and them,*

*And this competition makes us more powerful*

*What doesn't kill you only make you stronger*

*And those who are unfit will be eliminated*

Mo Se Kim, "Thus Spoke Uncle Sam" *AmeriQuests* (2017)

*America, we should not change because others tell us what to do*

*America, I think I am still dreaming*

*Is this lucid dream?*

*Or is this reality?*

*Regardless, I do not want to be awakened.*

*Thus Spoke Uncle Sam.*
